Studio Collection
Hotpoint
Our ideas. Your home.

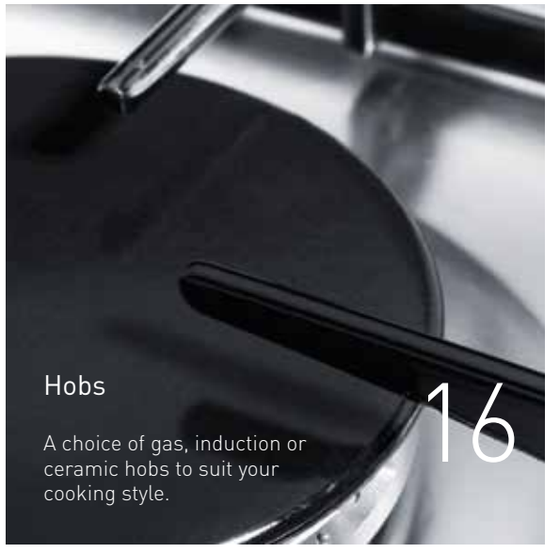
Sophisticated technology. Intelligent features. Stylish design. All this and more in our Studio Collection. Our ideas. Your home.

Inspired by you, we've developed an exclusive collection of appliances utilising the best technology to provide intelligent features all wrapped up in a stunning design. Intelligent Cooking programmes and self cleaning Pyrolytic options on our ovens, Double Face Elliptical burners on our gas hobs, Super Silent dishwashers and Eco Cycles on our integrated laundry products all complete this sophisticated range.

Contents

Ovens

Stylish ovens helping you achieve professional results every time. 10



Hobs

A choice of gas, induction or ceramic hobs to suit your cooking style. 16

Hoods

Choice of widths to suit your kitchen. 20

Dishwashers

All our dishwashers are energy efficient, using less water than washing up by hand. 22

Laundry

Save around 50-70% of the energy used with our A rated wash performance Eco Cycles. 26

Refrigeration

A wide selection of fridges and freezers to suit any kitchen. 30

Specifications

To help design your own stylish kitchen. 38

Stylish Design

With a focus on smooth curves and meticulous detailing our cooking range aesthetic will complement any kitchen style.

Intelligent Cooking System

Your ideal kitchen partner, Hotpoint's Intelligent Cooking System features pre-set programmes to help you achieve professional results – every time. Our ideas. Your home.

Ever wanted a top chef to give you their professional help and expertise? We've developed the next best thing... easy to use ovens that manage everything for you. From optimising oven elements, to recommending shelf position, temperatures and cooking time, you can be confident that even the most ambitious gourmet dish will turn out beautifully.

Intelligent Cooking System

Imagine the aroma of freshly baked bread, the succulence of roasted meats or the lightest sponge cakes that more than rise to the occasion – all cooked to perfection using the Intelligent Cooking System.

Cake Cycle

A fully automatic cycle sets the temperature and time for baking perfect sponge cakes. Plus, you can prepare tortes and choux pastry precisely, with no pre-heating time required.

Bread Cycle

A function which sets the optimum temperature and time for proving and baking bread.

Pizza

Cook a homemade pizza in just 30 minutes. Use the dough recipe supplied to create your own pizza.

Roast Meat

Any meat can be cooked faultlessly. The oven takes care of the different cooking phases, raising the temperature at the start for browning and cooking the inside, then lowering the temperature and turning the fan on at the end to relax the meat and ensure it doesn't dry out. You can even adjust cooking levels to choose well done, medium or rare.

Roast Chicken

Roast chicken and poultry to perfection, with the crispiest skin and the most tender meat.

Fish

Gentle pulses of heat ensure every type of fish is cooked precisely.

Single Ovens & Double Ovens

Touch Control

The ultimate in sophisticated technology, our touch sensitive panels deliver precision cooking to your fingertips. The technology offers you total control with ovens that are easy to clean, efficient and a pleasure to use.

Solarplus High Speed Grill

The Solarplus Grill gets to full temperature after only 15 seconds and it is 20% quicker than a conventional grill. The grill mesh is also practically self-cleaning saving you valuable time and inconvenience.

Fast Clean – Pyrolytic Cycle

To keep your oven as clean and shiny as the rest of your kitchen, simply use the Fast Clean Pyrolytic Cycle. The triple glazed doors automatically lock, the oven heats to 500°C and burns off all the fat and waste leaving a small deposit of ash for you to simply wipe away. The process is completely safe and costs less than 50p each time!

KSO103P

Touch Control Multifunction Oven

Take the guesswork out of cooking
using our Intelligent Cooking Functions – for the perfect roast, bread, cakes and pizza.

10 Cooking Programmes:
- 4 Intelligent Programmes:
  Roast, Bread, Cake, Pizza
- 6 Standard Programmes:
  Circulaire Fan, Fan Grilling, Variable Grill, Low Temperatures 40°C, 65°C & 90°C

1 Standard Light
Fast Clean Pyrolytic Cycle
Total Electronic Control
24 Hour Electronic Programmable Timer with Time and Temperature Control
Triple Glazed Door

Finish: Stainless Steel (X)

KS089C

Multifunction Single Oven

Experiment with confidence using 8 individual cooking programmes. Rustle up a succulent roast, perfect pizza or freshly baked bread.

Multi-function 8 | Electronic control CONTROL | Electronic timer 0 1:52 | Energy A

8 Cooking Programmes:
Fast Cooking, Fan Grilling, Variable Grill, Circulaire Fan, Pizzas, Pastries, Proving, Conventional
24 Hour Electronic Programmable Timer with Time and Temperature Control
Stay Clean Oven Finish (Catalytic liners)
Air Flow Cooling Fan & Internal Chimney Venting
Easy Clean Inner Door Glass
Triple Glazed Doors

Finish: Stainless Steel (X)

KS053C

Multifunction Single Oven

No need to plan your life around meals with a 24 hour programmable timer.

Multi-function 5 | Electronic timer 0 1:52 | Energy A

5 Cooking Programmes:
Conventional, Circulaire Fan, Fan Grilling, Top Heat Only, Variable Grill
24 Hour Electronic Programmable Timer with Time Control
Stay Clean Oven Finish (Catalytic Liners)
Air Flow Cooling Fan & Internal Chimney Venting
Double Glazed Door
Easy Clean Inner Door Glass

Finish: Stainless Steel (X)

KS033C

Circulaire Fan Single Oven

Hate cleaning? You'll love catalytic liners. Any grease is burned off when the oven reaches 200ºC.

Electronic timer 0 1:52 | Energy A

3 Cooking Programmes:
Circulaire Fan, Fan Grilling, Variable Grill
24 Hour Electronic Programmable Timer with Time Control
Stay Clean Oven Finish (Catalytic Liners)
Air Flow Cooling Fan & Internal Chimney Venting
Double Glazed Door
Easy Clean Inner Door Glass

Finish: Stainless Steel (X)

SHL532
Side Opening Single Oven

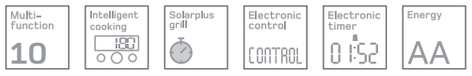
Enjoy easier access to your cooking with our side opening oven door.

3 Cooking Programmes:
Circulaire Fan, Grill, Defrost
24 Hour Programmable Timer with Time Control
2 Telescopic Shelves
1 Standard Light
Easy Clean Enamel Oven Finish
Air Flow Cooling Fan
Reversible Door
Double Glazed Door

Finish: Stainless Steel (X), White (W)

KSD99C
Multifunction Double Oven

Take the guesswork out of cooking using our Intelligent Cooking Functions – for the perfect roast, bread, cakes and pizza.



10 Cooking Programmes:
Main Oven:
5 Intelligent Programmes:
Roast Meat, Roast Chicken, Fish, Cakes, Bread
3 Standard Programmes:
Circulaire Fan, Conventional, Proving
Top Oven:
Conventional, Solarplus Twin Variable Grill
Electronic Timer with Time and Temperature Control
Stay Clean Oven Finish (Catalytic Liners)
Lights in Both Ovens

Triple Glazed Door with Easy Clean Inner Door Glass

Finish: Stainless Steel (X)

UHS53
Built-Under Double Oven

In a hurry? Circulaire fan ovens are 20% quicker than a conventional oven.

Electric Circulaire Fan Oven with
5 Cooking Programmes:
Main Oven: Circulaire Fan, Defrost Setting, Slow Cook Setting (constant 90°C)
Top Oven: Conventional Oven, Twin Variable Grilling
Easy Clean Enamel Oven Finish
24 Hour Electronic Programmable Timer with Time Control
Lights in Both Ovens
Air Flow Cooling Fan & Internal Chimney Venting
Double Glazed Doors

Finish: Stainless Steel (X)

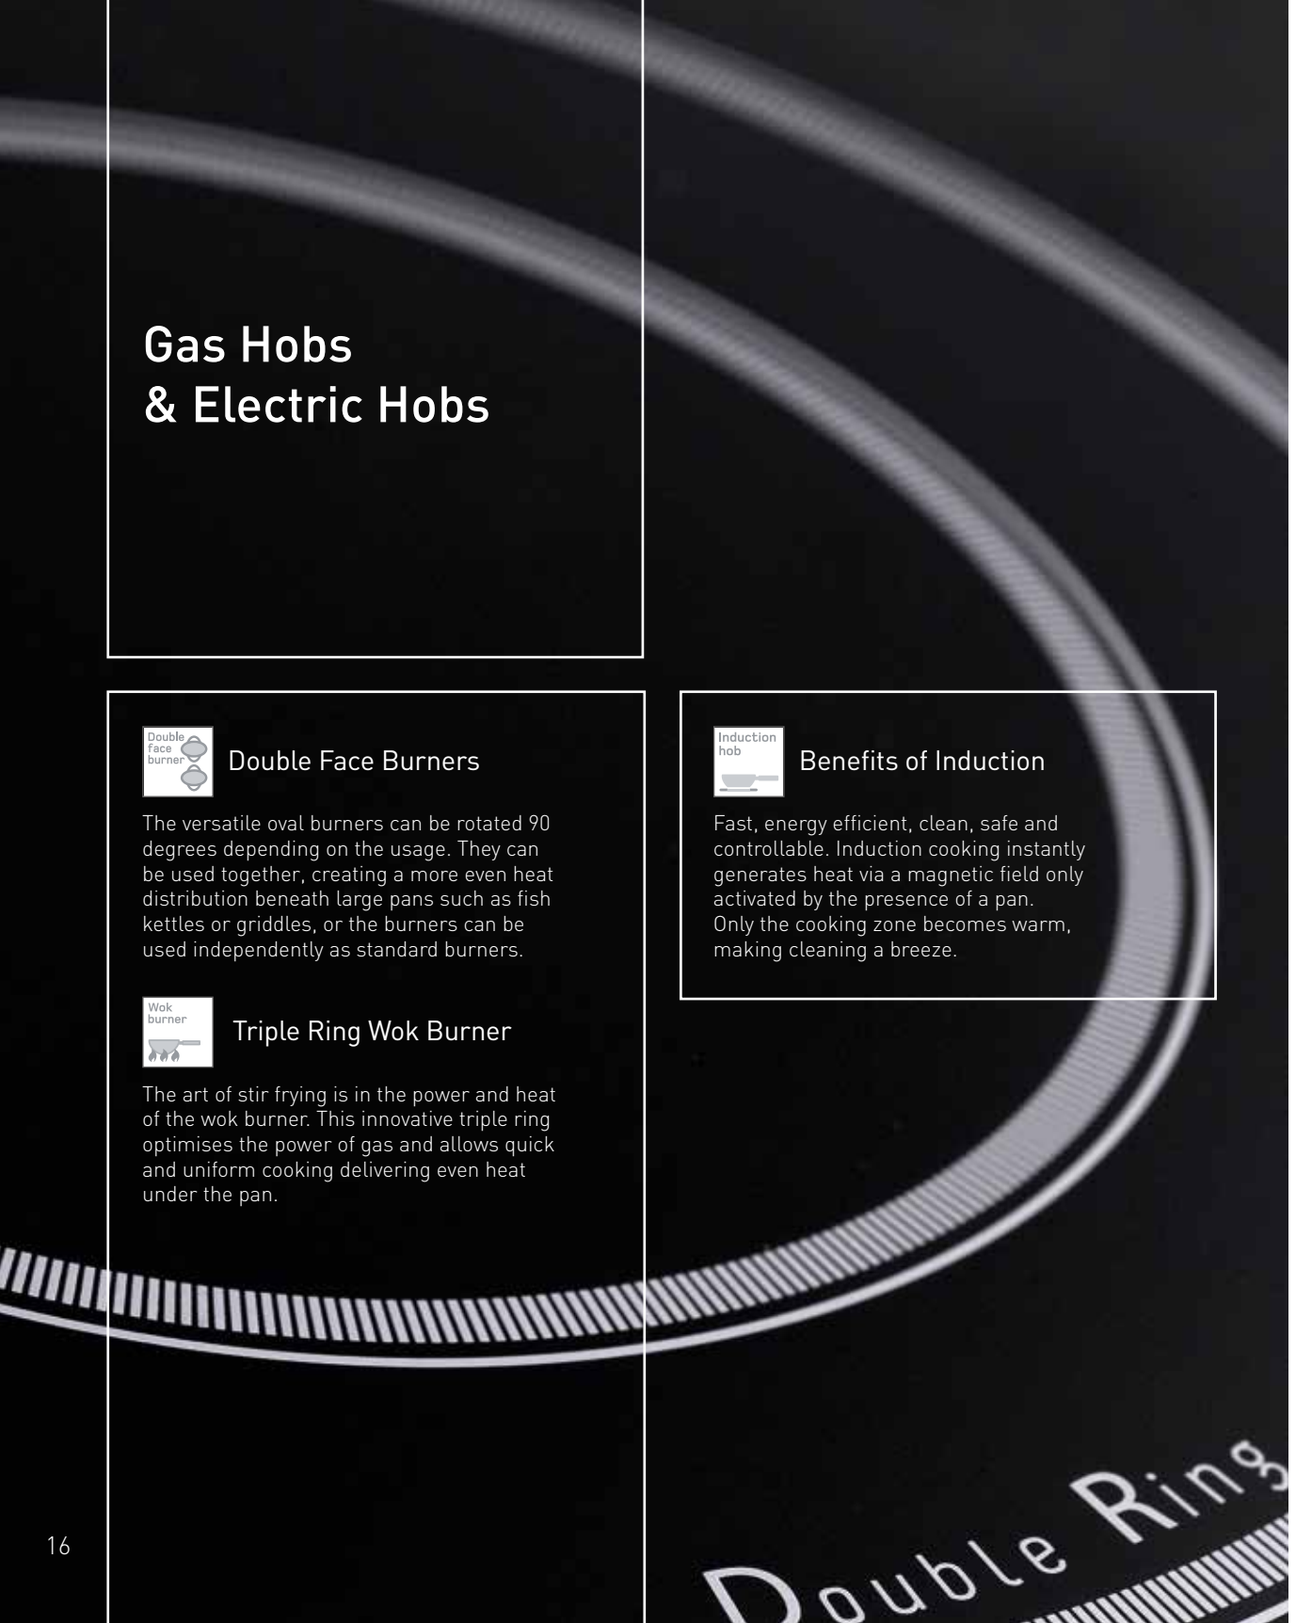
MWH121
Microwave Oven with Defrost Function

Keep the sleek look of your kitchen and hide away your microwave in a cupboard with our purpose designed model.

Builds into a 60cm Wide, 32cm Deep Wall Cupboard
Fully Electronic Clock & Timer
6 Power Levels
4 Automatic Programmes
800W Cooking Power

Finish: Stainless Steel (X)

Gas Hobs & Electric Hobs



Double Face Burners

The versatile oval burners can be rotated 90 degrees depending on the usage. They can be used together, creating a more even heat distribution beneath large pans such as fish kettles or griddles, or the burners can be used independently as standard burners.

Triple Ring Wok Burner

The art of stir frying is in the power and heat of the wok burner. This innovative triple ring optimises the power of gas and allows quick and uniform cooking delivering even heat under the pan.

Benefits of Induction

Fast, energy efficient, clean, safe and controllable. Induction cooking instantly generates heat via a magnetic field only activated by the presence of a pan.
Only the cooking zone becomes warm, making cleaning a breeze.

CIO744DO

70cm Touch Control Induction Hob

Enjoy greater flexibility with the oval dual zone suitable for standard pans or fish kettles.

4 Cooking Zones:
- 2 x 1.4kW (with Booster up to 2kW)
- 1 x 2.2kW (Double Ring with Booster up to 3kW)
- 1 x 2.2kW (Oval with Booster up to 3kW)

Child Lock
4 Individual Timers – 1 for each Cooking Zone

Finish: Bevelled (B)

CIO644DD

60cm Touch Control Induction Hob

Time your cooking to perfection with 4 individual timers – one for each cooking zone.

4 Cooking Zones:
- 2 x 1.4kW Zones (with Booster up to 2kW)
- 2 x 2.2kW Zones (with Booster up to 3kW)

Child Lock
4 Individual Timers – 1 for each Cooking Zone

Finish: Profile (Z)

KSC640
60cm Touch Control Ceramic Hob

Stop meddling hands from adjusting the temperature by using the child lock.

4 Cooking Zones:
- 1 x 1.2kW Hilight Zone
- 1 x 1.4kW Hilight Zone
- 1 x 1.8kW Hilight Zone
- 1 x 2.3kW Hilight Zone

Child Lock

Finish: Stainless Steel (X)

GC760F
75cm Gas Hob

For succulent poached fish use the versatile double face burners to provide even heat under the entire pan.

6 Gas Burners:
- 2 Double Face, 1 Rapid, 1 Semi-Rapid, 2 Standard

Enamelled Pan Supports

Finish: Stainless Steel (X)

GC751T
75cm Gas Hob

Maximise hob size by choosing a 75cm model which still fits into a standard 60cm cut out on your worktop.

5 Gas Burners:
- 1 Triple Ring Wok Burner, 1 Rapid, 2 Semi-Rapid, 1 Standard

Cast Iron Pan Supports

Finish: Stainless Steel (X)

KSG641
60cm Gas Hob

Cook like a pro with the triple ring wok burner – perfect for healthy stir fries.

4 Gas Burners:
- 1 Triple Ring Wok Burner, 1 Rapid 1 Semi-Rapid, 1 Standard

Cast Iron Pan Supports

Finish: Stainless Steel (X)

Hoods

Extraction Methods

Hoods can be either Ducted (where the extracted air is directed outside the property via ducting) or Recirculation where the air recirculates back into the kitchen after passing through a filter to remove the odour.

HTC9T

90cm Chimney Hood with Curved Glass

Create a truly stylish focal point
with a hood that matches your oven and hob.

Push Button Controls
2 x 20 Watt Halogen Lights
1 Self Supporting Metal Filter
Charcoal Filter included

Finish: Stainless Steel (X)
Also available in: 60cm – HTC6T

Dishwasher

Flexipower

Our Flexipower motor drives our Intelligent Sensor System which assesses and modifies the temperature, duration, water pressure and number of rinses to ensure perfect cleaning results.

Goodnight

This option quietens everything down even further – perfect for running in the evening or overnight.

Dual Space Upper Baskets

Adjust the height of the top basket in one quick movement, even when it is fully loaded, to give even more space in the lower basket.

LFT3214/1HX

Fully Integrated Flexipower Dishwasher

A truly efficient dishwasher that uses just 10 litres of water to wash a full load of 14 place settings.

14 Place Settings
11 Programmes/6 Temperatures
Electronic Water Softener Control
Wash Programmes include:
Eco, Rapid 25, Goodnight, Shortime, Half Load
Dual Space Upper Baskets
Fully Collapsible Lower Baskets
Digital Display
3, 6, 9hr Delay Timer
Waterstop & Overflow Protection
Self Balancing Door
Extra-Silent – just 42dB(A)

Finish: Cabinetry Door Required

LFT04

Fully Integrated Dishwasher

For easy loading our self balancing doors won't drop down wth a clatter, but stay at the right place for you to load the top basket comfortably.

12 Place Settings
4 Programmes
3 temperatures
Adjustable Water Softener
Natural Drying
Wash Programmes include:
Eco, Intense, Normal
LED Display
Overflow Protection
Self Balancing Door

Finish: Cabinetry Door Required

Laundry

Anti-Allergy

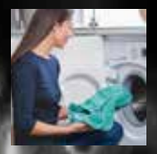
Carrying the Allergy UK Seal of Approval, our integrated washing machine features special patented technology to deliver a unique Anti-Allergy cycle designed to reduce major allergens without damaging the fibres of your clothes.

Anti-Stain

A specially developed cycle to remove 20 of the most difficult stains including fruit, blood, chocolate, grass and felt-tip pen, without fading your colours thanks to its intelligent electronic water and temperature control.

5+5kg Wash and Dry Load

Our Hotpoint washer dryers have the capacity to wash and dry a 5kg load in a single uninterrupted cycle.



Ready to Wear Cycle

This extra fast programme has been designed to wash and dry a small load of lightly soiled garments in just 45 or 60 minutes, making it perfect for refreshing an outfit the same day or night you need it...

Woolmark Platinum Care

A special programme endorsed by Woolmark*, the world's leading authority on all wool items. Extra gentle agitation and low spin speeds help to eliminate any friction between the fibres of wool garments, thereby ensuring a perfect wash.

*In the UK and Eire the Woolmark is a Certification Trade Mark

BHWMD742

Built-In Washing Machine

Take care of your delicates with our lingerie cycle – a specially designed gentle wash that still gives great wash performance.

Spin Speed: 1400rpm
Number of Wash Programmes: 16
Wash Programmes include:
- Woolmark Platinum Care Cycle
- Anti-allergy Cycle – endorsed by Allergy UK
- Delicates, Anti-stain, Eco

Variable Spin & Temperature
My Cycle Memory
Delay Timer
Digital Display

Finish: Cabinetry Door Required

BHWM149

Built-In Washing Machine

Remove baby stains using the Baby Cycle designed to tackle the toughest baby food and grease marks giving better results than a standard 40°C cycle.

Spin Speed: 1400rpm
Number of Wash Programmes: 16
Wash Programmes include:
- Shirts, Lingerie, Baby Cycle, Delicates

3 Eco Cycles:
- Cottons, Synthetics & Fast Wash

Variable Spin & Temperature
Unbalanced Load Detection System
Coin Trap Accessible from Front
LED Programme Progress Indicators

Finish: Cabinetry Door Required

BHWDD74

Built-In Washer Dryer

Choose the My Cycle option to select your favourite set of preferences at the touch of a button.

LED Programme Progress Indicators

Finish: Cabinetry Door Required

Eco Cycles

Save around 50%-70%* of the energy used with our A rated wash performance Eco Cycles developed in partnership with Ariel.

Cottons

For everyday cleaning needs for cotton or linen items.

Synthetics

Designed to wash a variety of man made fibre mixtures.

Fast Wash

A fast cycle for everyday mixed fabrics that need a freshen up or are only slightly dirty, in just 30 minutes.

*Energy savings are up to 50% for Eco Cotton cycle, up to 68% for Eco Synthetic cycle and up to 70% for Eco Fast Wash cycle (all compared to equivalent 30ºC cycle).

Set and Forget Sensor drying

Set and forget

Our Set and Forget drying system uses sensors to monitor the moisture and temperature levels inside the drum of the machine, so that based on the choice of drying level you make (Iron, Hanger or Cupboard Dry), the machine senses when the load is dry. Not only convenient for you, sensor drying ensures maximum energy efficiency, by ensuring that the machine stops when the clothes reach the drying level selected.

Iron Dry

This setting leaves a level of moisture within the clothes, helping to make ironing easier, particularly useful for shirts.

Hanger Dry

A medium level ideal for garments which don't need ironing and can simply be placed on a hanger to finish drying.

Cupboard Dry

The programme ends when the sensors detect very little moisture inside the drum, meaning the garments are almost completely dry and ready to put away.

Cooling

Active Oxygen Technology

New Active Oxygen uses innovative technology to harness natural, pure air to help your food keep its 'first day freshness' for longer. With Active Oxygen food will look, smell and taste fresher for up to 9 days longer than in standard fridges.

Active Oxygen uses 03 (trioxygen) molecules, well-known for their ability to inhibit and slow bacteria growth, to preserve food. By circulating these into the fridge, bacteria growth on food can be reduced by up to 90% which in turn reduces odours by up to 70%.*

*Bacteriological tests: Sereco Biotest

Antibacterial Protection

Antibacterial Protection is built into our fridge liners giving protection for the life of the product. Working between normal cleanings it inhibits the growth of potentially harmful bacteria and reduces odours.

Super Cool

A large number of new items in the fridge can cause the internal temperature to rise. Use Super Cool to quickly cool the temperature back to the optimum level.

Fully Frost Free

Means exactly what it says; no more defrosting ever. Food stays fresher for longer due to the circulation of cold air in both the fridge and the freezer preventing the build up of ice.

NCD191I

Fridge Drawers

This revolutionary award winning **design** gives easier access with a modern stylish look.

90cm Wide
2 Individual Drawers with Soft Close Mechanism
Total Capacity: 190 Litres
Wine Rack
Adjustable Legs
Easily Installed Under Work Surface
2 Salad Crispers
2 Fish/Meat Boxes
Dairy Box
Bottle Holder
Interior Light

Finish: Cabinetry Door Required

HM31AAE

Active Oxygen Fridge Freezer

Active Oxygen

Enjoy fresher food for longer confident in the knowledge that Luce's Active Oxygen technology is working hard to protect your family, by reducing harmful bacteria by up to 90%, 24 hours a day.

If you eat lots of fresh food then our 70/30 split fridge freezers are ideal, where more space is given over to the fridge.

In accordance with its policy of progressive product design and environmental protection, Indesit Company reserves the right to alter specifications and use quality recycled components. To confirm that the specification and/or functions required are still current on the selected model, please call our product information team on 08000 92 19 22 (If calling within the Republic of Ireland please call 0818 36 50 08) prior to purchase. Every attempt has been made to ensure an accurate colour representation.

We're here if you ever need us... 364 days a year!

Call us 364 days a year
Hotpoint service is second to none. We are open when you need us and our operators are on hand to answer your call every day, except Christmas day, including weekends and bank holidays on **08448 22 42 24** (if calling within the Republic of Ireland please call **0818 31 34 13**). Alternatively book online at **www.hotpointservice.co.uk**

Local engineers nationwide
We are the largest white goods service team in the United Kingdom & Republic of Ireland with fully trained Hotpoint specialists to ensure you receive fast, reliable and local service.

Appointments to suit you
We do everything possible to fit in with your busy lifestyle. You can choose between morning or afternoon appointments, with the option of the engineer's first or last visit of the day. Saturday appointments are also available in some areas. We will send you a text message with a 2 hour time slot on the morning of your appointment.

Professional workmanship - by the experts
Our engineers are professionally trained at the Hotpoint School of Excellence and receive continuous training to ensure they are up-to-date with the latest products.
We only fit genuine Hotpoint replacement parts and guarantee our work for a full 90 days.

Guaranteed parts for 5 years
Your Hotpoint appliance is covered for a full 12 months by our own parts and labour warranty. In addition, when you register your appliance we also provide free parts for the first 5 years when fitted by our highly qualified engineers. Please call **08448 24 24 24** for more information (if calling within the Republic of Ireland please call **012 30 02 33**)

Satisfaction guaranteed
Within the first 90 days of ownership we have a dedicated team who provide fast track product advice and assistance to deal with your enquiries quickly and efficiently. In the unlikely event that a technical problem occurs that cannot be resolved in this period we will replace your appliance.

Your peace of mind with total protection
We offer a selection of repair protection plans that will enable you to fully cover any number of Hotpoint appliances – after your warranty expires – including new for old product replacement in the event they cannot be repaired. Please call **08448 22 62 26** for more information (if calling within the Republic of Ireland please call **012 30 02 33**).

5 year
Free parts guarantee
